Founded in 2000, Aacharya Academy has established itself as a premier institute for NDA exam preparation in Pune. With over two decades of experience, we are committed to helping students achieve their dream of becoming defence officers by providing comprehensive training for NDA, CDS, and AFCAT exams.

Our academy offers a holistic program that includes rigorous written exam preparation and extensive SSB coaching. In addition, we emphasize the overall development of our students through courses in personality enhancement and logical thinking, ensuring they are well-prepared for every stage of the selection process.

Aacharya Academy provides a fully residential experience, complete with hostel and mess facilities, enabling students to concentrate entirely on their goals in a supportive learning environment. Moreover, our collaboration with a reputed college further enriches our students' academic journey.

Our consistent track record of success, with numerous students excelling in their exams and advancing in their careers, is a testament to the quality of education we deliver. At Aacharya Academy, we don't just prepare students for exams; we prepare them to become the nation's future leaders.
